NEW BOSTON MILESTONES OF 1985

William Caldwell resigned as selectman because of increased business pressure and Marguerite Warg was appointed to fill out his term.

During the summer an archeological find of old Indian pottery and artifacts was discoverd on the Dodge Farm.

New Boston was threatened by hurricane, Gloria, on September 27. However, it wasn't as harmful as first predicted.

Rev. Robert "Woody" Woodland was installed as permanent minister of the New Boston Community Church in September.

The dwelling house on Bog Road, occupied by Donald and Ellen Murray and owned by Arthur Johnston, was destroyed by fire in November.

Donald Byam retired after 28 years as president of the Hillsboro County Fair Association and Howard Towne was elected the new president of the Fair Association.

New Boston's appearance was improved in 1985 by the painting of the Community Church, the Towne Office Building, the Library and Dodge's store.

COVER PICTURE

Our cover picture this year is a State Historial Marker establishing the town of New Boston as the home of the Molly Stark Cannon.

"WHY I LIKE LIVING IN NEW BOSTON"

New Boston is a unique place that is special to me. There are many reasons that I like living in New Boston. It offers freedom and contentment. It offers friendly neighbors and safety. It offers country and community. It is my home.

In New Boston, I find that I can be myself. I can relax. I love to spend time reading at the library, or sharing a meal with friends at one of the dinners held at the Town Hall. I enjoy riding my bike around town. In the Winter, I cross-country ski at the Fairgrounds or sleigh ride on the various hills, or I spend time at home with my family.

By working at Abigail's Bakery (the small bakery in New Boston), I have the opportunity to see many of the residents of New Boston. This relationship with the people of New Boston is one that I truly enjoy. It always is a pleasure to walk in the village and know many of the people I see. This sense of familiarity is a pleasant one indeed. There is always a certain feeling of security and trust that comes from knowing those who live in your town. It gives me the added enjoyment of safety. I don't feel afraid to go into the village at night. I feel safe in New Boston.

But people and safety are not the only reasons that New Boston is special to me. I have a love for nature, and New Boston is full of natural wonder. Each season has its own quality of beauty and weather. In Spring, the countryside comes alive with blossoms and newborn animals. Summer sun offers warmth, but the cool mountain breezes remind me of the Winter yet to come. Fall is filled with the brilliant hues of the foliage. A breath-taking "Winter Wonderland" covers the earth with a thick blanket of white snow.

All year round, I enjoy the beautiful scenery that New Boston's landscape offers. I share these sentiments with many of the residents of New Boston. The community spirit is felt in New Boston all year long.

Living in New Boston is an experience I would not trade. It is something that I treasure. To me, living in New Boston means that special feeling of friendship and warmth mixed with a touch of nature, and I like it that way...But what New Boston means most to me is home. In New Boston, I am most at home. I know my neighbors and enjoy the community spirit. I know my natural surroundings and feel free in them. I feel content in New Boston. Here I can truly be myself. New Boston is my home!

Coleen Craven

1986 TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of New Boston, in theCounty of Hillsborough, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said New Boston on Tuesday the eleventh day of March next. Polls will be open at 10 o'clock in the forenoon to take up Articles 1, 2, and 3. Balance of the warrant will be taken up and voted upon at 7 o'clock in the afternoon. Polls will close at 7:00 p.m.

1. To choose all necessary officers for the ensuing year.
2. Are you in favor of the adoption of the Building Code Ordinance as proposed by the Board of Selectmen?
3. Are you in favor of the adoption of the amendment to the existing town zoning ordinance as proposed by the Planning Board?
4. To see if the Town will vote to raise and appropriate the sum of $260,500 to terminate the operation of and to permanently close the Landfill situated on Old Coach Road, or act in relation thereto.
5. To see if the Town will authorize the Selectmen to issue long term notes to cover any appropriations made under Article #4 or act in relation thereto.
6. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
    1. Town Officers' Salaries
    2. Town Officers' Expenses
    3. Election & Registrations
    4. Cemeteries
    5. Town Hall & Town Office
    6. Property Assessing
    7. Building Inspector
    8. Planning Board
    9. Board of Adjustment
    10. Legal Expense
    11. SNHPC
    12. TCSWMD
    13. Work on Tax Base Maps
    14. Care of Town Grounds
    15. Police Department
    16. Fire Department
    17. Civil Defense
    18. Cost of Fire and Emergencies
    19. Forest Fires
    20. Probation Department
    21. General Expenses, Highway
    22. Street Lighting
    23. Summer Maintenance & Bridges, Highway
    24. Winter Maintenance, Highway
    25. Resurface Tarred Roads
    26. Highway Block Grant (Road Construction)

27. Solid Waste Disposal
28. Ground Water Monitoring
29. Vital Statistics
30. Monadnock Visiting Nurse
31. General Assistance
32. Old Age Assistance
33. Library
34. Recreation Commission
35. Memorial Day
36. Conservation Commission
37. Forestry
38. Principal Long Term Notes
39. Interest on Long Term Notes & Tax Anticipation Note
40. FICA Contribution
41. Insurance
42. Unemployment Compensation

7. To see if the town will vote to authorize the Board of Selectmen on behalf of the Town to enter into a cooperative agreement, pursuant to RSA Chapter 53-A, for the purpose of joining together towns and cities in a joint and cooperative effort for the disposal of solid waste in a manner which will meet Federal and State Regulations. The District to be formed under the cooperative agreement which will be designated the "TriCounty Solid Waste Management District." A copy of the current draft of the proposed cooperative agreement is posted with the warrant and is available at Town Offices during normal business hours. The Board of Selectmen is specifically authorized on behalf of the town (a) to execute and deliver the agreement with changes therein from the posted agreement as the Board of Selectmen shall approve, and such other instruments, documents, and agreements as the Board of Selectmen, in cooperation with the Town Council may deem necessary or desirable in furtherance of the purposes of this agreement; (b) to cause to be performed all obligations which may from time to time be required pursuant to the terms of the agreement; and (c) and take action thereto.

8. To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town to enact ordinances concerning the supervision and regulation of the collection, transportation, delivery and disposition of all or part of any solid waste generated within the Town so the same is delivered to a designated resource recovery facility or such other facilities as may be designated by the Town for processing or for other disposition or handling or act in relation thereto.

9. To see if the Town will vote to raise and appropriate the sum of $65,000 to pay for the construction of a refuse transfer station, to enter into a lease-purchase agreement for a closed top trailer with compactor, and to contract with a Hauler to transport said refuse to a State approved site, and to withdraw and appropriate from the Robert Weadick Estate Fund the sum of $19,448.74 plus interest, and to withdraw and appropriate the sum of $35,000 from Revenue Sharing Funds established under the provision of the State and Local Assistance Act of 1972, or act in relation thereto.

10. To see if the Town will vote to raise and appropriate the sum of $14,000 for the purchase of a new police cruiser or act in relation thereto.

11. To see if the Town will vote to raise and appropriate the sum of $15,000 to finish the Town Master Plan or act in relation thereto.

12. To see if the Town will vote to raise and appropriate the sum of $1,200.00 for payment to the firm of Tim's T Shirts for damages to their automobile as a result of an accident on Daniels Lake Road or act in relation thereto.

13. To see if the Town will vote to raise and appropriate the sum of $145,000 to rebuild Bedford Road or act in relation thereto.

14. To see if the Town will vote to give a quitclaim deed or maintain a roadway located on and adjacent to property of Alan and Ronna LaPenn of 157 Saunders Hill Road, New Boston, N.H. or act in relation thereto. (BY PETITION)

15. To see if the Town will vote to authorize the Board of Selectmen to appoint the position of Road Agent pursuant to RSA 231:62 and RSA 231:65 or act in relation thereto.

16. To see if the Town will vote to raise and appropriate the sum of $5,300.00 for unit 10 per dispatching contract with the Town of Goffstown or act in relation thereto.

17. To see if the Town will vote to raise and appropriate the sum of $1,000.00 for the New Boston Fire Department's 1/3 share of building an air supply truck with the Town's of Goffstown and Weare or act in relation thereto.

18. To see if the Town will vote to raise and appropriate the sum of $9,800.00 to switch bodies and update 76M3 to the chassis provided by the New Boston Fire Department or act in relation thereto.

19. To see if the Town will vote to establish a Trust Fund pursant to RSA 31:19-a to receive and hold monies for the purpose of maintaining and upgrading water supplies and delivery systems for fire fighting purposes in New Boston or act in relation thereto.

20. To see if the Town will vote to raise and appropriate the sum of $10,000 to be put in a Capital Reserve Fund for Town Re-assessment in the near future or act in relation therto.

21. To see if the Town will vote to authorize to Selectmen to cost-share with landowners the expense of them hiring a professional forester to oversee timber harvest on their lands within the town. Said cost-share amount shall be determined by the Selectmen and shall not exceed 10% of the actual timber yield tax revenues paid by the land owner to the Town; and further to see if the town will vote to raise and appropriate the sum of $750.00 for this purpose or act in relation thereto.

22. To see if the Town will vote to establish a Conservation Fund under RSA 36-A:5 and to allow any unexpended conservation commission appropriations to accumulate therein from year to year or act in relation thereto.

23. To see if the Town will vote to discontinue the former Bunker Hill Road abandoned through relocation beginning at approximate state coordinate N 187000 feet, E 478500 feet and running easterly along the former location of said road crossing Buxton Brook to approximate state coordinates N 187250 feet, E 479000 feet as allowed by RSA 238:1 or act in relation thereto.

24. To see if the Town will vote to accept the remainder of Woodbury Road in the Subdivision of Gardner B. LeBaron and Willard O. Dodge as a Town Class 5 Highway or act in relation thereto.

25. To see if the Town will vote to accept Ridgeview Lane in the Subdivision of the Kennedy Brothers as a Town Class 5 Highway or act in relation thereto.

26. To see if the Town will vote to accept Summit Drive in the Subdivision of Edward and Leslie Colburn as a Town Class 5 Highway or act in relation thereto.

27. To see if the Town will vote to authorize the Board of Selectmen to sell, convey and transfer a portion of the so-called Victor Daniels Land to the School District of New Boston, at such price and upon such terms as said Board of Selectmen, and its collective and sole discretion, may deem to be in the best interest of the Town and School District of New Boston or act in relation thereto.

28. To see if the town will vote to raise and appropriate the sum of $4,000.00 for repairs to the Town Hall or act in relation thereto.

29. To see if the Town will vote to authorize the Selectmen to sell at public auction or administer property of the Town acquired by tax deed or gift, or to sell to the former owner upon payment to the Town of an amount not less than the sum total of the overdue taxes plus sale and administrative expenses, plus interest on the aggregate of the forgoing, calculated at the rate of 18% per annum, or act in relation thereto.

30. To see if the Town will authorize the Selectmen to apply for, receive and expend Federal or State grants, which may become available during the course of the year, and also to accept and expend money from other governmental unit or private source to be used for purposes for which the town may legally appropriate money; provided (1) that such grants and other monies do not require the expenditure of other town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditures of such grants and monies, and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitations and expenditures of Town monies, all as provided by RSA 31:95b, or act in relation thereto.

31. To see if the Town will vote to authorize the Selectmen to hire money to meet the necessary expenses of the Town or act in relation thereto.

32. To transact any other business that may legally become before the meeting.

Given under our hand and seal this twenty-fourth day of February in the year of our Lord, nineteen hundred and eighty-six.

Theodore G. Olson, Chairman
Thomas J. Mansfield
Marguerite E.Warg
Selectmen of New Boston

MINUTES OF TOWN MEETING
March 12, 1985

The meeting was called to order at 10:00 am by Moderator David L. Nixon. The Lord's Prayer was led by Ballot Clerk, Ruth Dodge and the Pledge of Allegiance was led by Robert Normandin.

Articles One and Two of the 1985 Town Warrant were read by the Moderator. The polls were opened and work commenced under these articles. The remainder of the Warrant would be acted upon at 7:00 pm.

Article 1 - To choose all necessary officers for the ensuing year.

Town Officers:

Selectman for three years	William G. Caldwell
Road Agent for one year	Almus E. Chancey
Trustee of Trust Funds for three years	Philip Harvell
Trustee of Library for three years	Robert H. Rickey
	Paul Stanger
Fire Ward for three years	Robert R. Kelly
	David R. Poole, Jr
Auditor for two years	Gary L. Luneau

School District Officers:

Member of School Board for three years	Karen E. Kelly
District Auditor for two years	Brian H. Towne
District Auditor for one year	Dennis Hooper

Article 2 - Are you in favor of the adoption of the amendment to the existing Town Zoning Ordinance as proposed by the Planning Board?

Yes 125 No 53

The desciption of the changes are:

1. ARTICLE II, Section 2-1, DEFINITIONS:
   Backland. A tract of land having a minimum of 50' frontage on an existing Town Road.
   Dwelling. A structure (1) that is designed or used as a place of residence for one or two families, on one (1) lot of record.
2. ARTICLE III, Section 3-2, sub-section A-3, AREA AND SETBACK REQUIREMENTS: to read as follows:
   Each lot shall accommodate a two hundred foot (200') minimum square at the front 50' setback line, with the exception of backland lots which shall only require a 200' minimum square.

The polls were closed at 7:00 pm by Moderator David L. Nixon, the absentee ballots were cast, and the evening business meeting commenced.

The Lord's Prayer was led by Supervisor of the Checklist, Donald E. Byam, and the Pledge of Allegiance was led by Chairman of the Board of Selectmen, William G. Caldwell. Moderator Nixon then introduced the Town Officials present. They included State Senator Sheila Roberge, Representatives to the General Court Roland Sallada and Elizabeth Moore, the Board of Selectmen William G. Caldwell, Thomas J. Mansfield and Theodore G. Olson, the Town Clerk and Tax Collector Sandra Gendron, the Deputy Town Clerk and Assistant Tax Collector Margit Hooper, the Secretary to the Selectmen Betty Hooper and her assistant Linda Sizemore, Town

Treasurer Karen Koman-Craven, Checklist Supervisors Donald E. Byam, Sarah Chapman and Sandra Gallup, the Ballot Clerks Ruth Dodge, Katherine Johnston, Rhoda Hooper and Evelyn Barss, Constables Donald Sims and Tim Lamy. The reigning Winter Carnival Queen Susan Binette was also introduced.

Louis Lanzillotti on behalf of the New Boston Businessmens' Association then presented a community service award to Homer G. Dodge.

Mention was made by the Moderator of a testimonial recently given to Captain Willard O. Dodge in honor of his retirement after twenty years of service on the New Hampshire State Police Force. Captain Dodge received a standing ovation from those present.

A brief report was given by Attorney Leslie Nixon as to the results of the case of Mr. John Raskiewicz vs. the Town of New Boston to the First Circuit Court of Appeals in Boston. The case had been dismissed by the U.S. District court in Concord, N.H. in January of 1984, and the court awarded attorneys fees and costs to be paid by Mr. Raskiewicz and his lawyer, who had sued the Town and several Selectmen and citizens for ninety million dollars. On Appeal, the First Circuit Court of Appeals awarded double costs against Mr. Raskiewicz and his attorney. Attorney Nixon then answered citizens' questions regarding the case and was commended by the Selectmen and the Town.

Article 3 - To raise such sums of money as may be necessary to defray town charges for the enusing year and make appropriations of the same.

1.	Town Officers Salary	$ 9,800.00
2.	Town Officers Expenses	22,500.00
3.	Election and Registration	700.00
4.	Cemeteries	800.00
5.	Town Hall and Town Offices	14,500.00
6.	Property Assessing	4,907.75
7.	Planning Board	5,000.00
8.	Board of Adjustment	500.00
* 9.	Legal Expenses	768.90
10.	SNHPC	983.24
11.	TCSWMD	564.00
12.	Work on Tax Base Map	2,000.00
13.	Care of Town Grounds	300.00
14.	Police Department	28,352.00
15.	Fire Department	22,140.00
16.	Civil Defense	100.00
17.	Cost of Fires and Emergencies	6,000.00
18.	Forest Fires	200.00
19.	Probation Department	877.47
*20.	General Expenses, Highway	12,000.00
21.	Street Lighting	5,000.00
22.	Summer Maintenance & Bridges, Highway	50,000.00
*23.	Winter Maintenance, Highway	70,000.00
24.	Resurface Tarred Road	20,000.00
25.	Highway Block Grant (Road Construction)	67,453.71
*26.	Solid Waste	28,000.00
27.	Vital Statistics	50.00
28.	Monadnock Visiting Nurse	6,007.96
29.	General Assistance	5,000.00
30.	Old Age Assistance	4,500.00

31	Library	27,457.00
32	Recreation Commission	4,200.00
33	Memorial Day	350.00
34	Conservation Commission	500.00
35	Forestry	300.00
36	Principal Long Term Note	18,000.00
37	Interest on Long Term Notes & Tax Anticipation	10,000.00
38	FICA Contribution	8,600.00
*39	Insurance	37,000.00
40	Unemployment Compensation	100.00

*Those amounts changed from printed amounts in Town Report

A motion was then made by Selectmen Mansfield that $495,512.03 be appropriated to cover the 1985 budget from the Town, seconded by Selectman Caldwell. The various individual items were discussed and questions answered by the Board of Selectmen. Item #9 was reduced from the amount printed to $768.90 because there was $3,000.00 to be carried over from last year's budget for legal expenses. Item #20 was increased by $3,500.00 to cover repairs and maintenance on the town-owned grader. Item #23 was increased by $10,000.00 to cover anticipated costs, as $46,900.00 of Winter Maintenance for the Highway had been spent to date. It was further pointed out that this was basically an unknown and was determined by weather conditions. Item #26 for Solid Waste Disposal was increased $13,000.00 due to conditions at our landfill. The monitoring wells funded by last years' Town Meeting had been dug, and the test results on the ground water in the area were not good. The State has issued an Order of Closure which requires action to be taken by the Town with a compliance schedule to be submitted by 4-30-85. The Board of Selectmen will be investigating alternatives for solid waste disposal and estimated the present landfill will be closed in two years. Item #39 was increased by $2,000.00 to cover the large increases in insurance. Selectmen Olson stated municipality insurance was higher because companies were no longer interested in covering towns. These increases have been made with virtually no claims.

A motion to amend Item #25, Highway Block Grant (Road Construction) to $134,907.42 was offered by Dan Way, seconded by Dick Moody, in the hope that faster action would be taken on the completion of Bedford Road, and thereby other roads needing work would also receive attention sooner. When voted on the Moderator requested a division, the results were

Yes 50 No 67

The motion to amend was defeated.

A motion to lower the Library Budget by $3,000.00 was made by Elliott Hersey, member of the Finance Committee, seconded by Dottie Fillmore. Mr. Hersey stated that this was a recommended reduction by the committee who felt that the decrease could come in the area of book buying. Supporters of the library budget felt that this was not the area to be cut, and that the printed amount should stand. When voted on the motion to lower the figure was defeated.

A vote was then called for on the entire budget in the amount moved by Selectmen Mansfield. The amount of $495,512.03 was so voted unaminously.

Article 4 - To see if the Town will vote to replace the Fire Protection Code for Large Buildings as adopted in 1981 and as amended in 1983, with the 1985 edition as proposed by the Study Committee and the Fire Wards, or act in relation thereto.

A motion to amend this article was offered by Selectman Caldwell, seconded by Selectman Mansfield to read: "To see if the Town will vote to replace the Fire

Protection Code for Large Buildings as adopted in 1981, and as amended in 1983, with the 1985 edition as proposed by the Study Committee and the Fire Wards and as presented in the posted Town Warrant, or act in relation thereto." It was explained that this was proposed because there had been so many typographical errors in the printed version of the Town Report. The motion to amend carried. Dr. Robert Normandin, Chairman of the Large Building Fire Code Study Committee then referred to the report as printed in the Town Report, and discussed the many long and conscientious hours the Committee had put into the assignment. Louis Maynard an opponent of the code stated that in his opinion this proposed version was even more restrictive that what the Town had been operating under, and felt we are hurting ourselves as a community with such a code because new industry would not consider locating in New Boston thus providing a more attractive tax base. Selectman Olson agreed that industry might help with taxes, but that new homes had also provided tax dollars. He further stated that communities in surrounding areas were finding that attracting industry also means increased costs in providing services. As the Selectmens' representative on the study committee, Mr. Olson explained that the committee had tried to take into consideration all complaints and ideas regarding the existing code and accommodate as many as was practically possible with changes and compromises. He then thanked the committee for a job very well done.

When voted on the revised Fire Code passed unaminously.

Article 5 - To see if the Town will vote to appropriate the sum of $4,700.00 to complete the ground water monitoring system at the Landfill and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund, or act in relation thereto.

Motion to Amend this article to read "$4,857.78" was offered by Selectman Olson, seconded by Selectman Caldwell. The new figure represents the exact amount of the bill received.

The motion to amend passed, and when voted on the main motion also passed.

Article 6 - To see if the Town will vote to accept the remainder of Town Farm Road in the Edward and Leslie Colburn subdivision as a Class 5 Town Highway, or act in relation thereto.

Selectman Mansfield moved to add to the printed article the words "upon acceptance by the Selectmen, Road Agent and Road Committee, or act in relation thereto." This was seconded by Paul Stanger, and passed.

Jay Marden expressed concern that the Town should possibly wait for a period of one year before accepting new roads to allow for the settling of the road, and further expressed concern that in subdivisions that had yet to be built in, the roads would suffer much damage due to the travel of heavy equipment, etc., while construc tion took place; and having already accepted the road, the Town would then be responsible for the repair of such damages. Although Selectman Mansfield agreed in theory with Mr. Marden, he felt that the Planning Board was handling the situation well, and were always upgrading their standards for new road construction, which is the responsibility of the developer. When questioned as to why this required a vote of the Town Meeting, Selectmen Mansfield responded that the precedent for a Town vote on new road acceptance had been established many years before and was a practice still followed, although he agreed that the Selectmen could accept these roads without Town Meeting approval. Discussion ensued on how the Town might protect itself from expenses incurred on these new roads. When put to a vote the motion as amended passed.

Article 7 - To see if the Town will vote to reclassify a portion of Road #109 (Wilson Hill Road) of approximately 200 feet from the present termination at Joseph

Thompson's residence southerly to the Patrick and Glenys White residence, from Class 6 to Class 5, all work to be done under the supervision of the Selectmen, or act in relation thereto.

Selectman Caldwell moved that this Article be passed-over, seconded by Selectman Mansfield. It was explained that the parties involved had withdrawn their request, and the motion to pass-over was then adopted.

Article 8 - To see if the Town will vote to raise and appropriate the sum of $9,500.00 to rebuild the chassis on the tanker (76K1) for the Fire Department, or act in relation thereto.

A motion to adopt this article was offered by Fire Chief James Dodge and seconded by David Poole, Jr. Chief Dodge explained that it was the intention of the Fire Department to put a new motor and new fenders on the tanker truck and that with these renovations the truck would still be very serviceable to the Department. He further stated that down the road the Department would probably request further funds to repair the tank on the same truck. The Article was then adopted.

Article 9 - To see if the Town will vote to appropriate the sum of $2,600.00 for a new copying machine for the town office and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund, or act in relation thereto.

The Article was moved by Selectman Olson, seconded by Selectman Mansfield and passed.

Article 10 - To see if the Town will vote to accept the completed sections of Woodbury Road and Howard Lane in the subdivision of Gardner B. LeBaron and Willard O. Dodge as Class 5 town highways, or act in relation thereto.

Selectman Mansfield moved to add to the printed article (as was done on Article 6), "upon acceptance by the Selectmen, Road Agent and Road Committee, or act in relation thereto." This was seconded by Marvin Kennedy and passed. Jay Marden moved to further amend the Article to say that future roads not be accepted by the Town until one year elapsed from completion of final paving. This was seconded by Lorraine Barney. It was pointed out that this proposed amendment would not affect either road article in the 1985 Town Warrant. It was questioned whether or not the paving should be left undone until the road had had a chance to settle. Harold Strong, Chairman of the Planning Board, suggested that Mr. Marden might withdraw his proposed amendment and bring his ideas to the Planning Board for discussion. When voted on the Marden amendment was defeated. The main motion as amended by Selectman Mansfield was then voted on and passed.

Article 11 - To see if the Town will vote to appropriate the sum of $2,000.00 for repairs to the Town Hall and Town Office Building, and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund, or act in relation thereto.

This Article was moved by the Selectman Caldwell, seconded by Selectman Mansfield. It was explained that this sum would be added to last year's carry-over for repairs to the Town Office Building and Town Hall and that it was intended that the Town Office Building be painted and repair work be done to the base of the building. The Article was then adopted.

Article 12 - To see if the Town will vote to discontinue that portion of McCurdy Road no longer in use beginning where the current traveled way runs southerly from the original roadway at approximate New Hampshire Grid coordinates N167,350' E500,375' and running easterly along the original roadway to where it joins the current

traveled way at approximate coordinates N167,800' - E500,775' as allowed by RSA 231:43, or act in relation thereto.

This Article was moved by Selectman Olson, seconded by Selectman Mansfield. After a description of the location was given, the Article was adopted.

Article 13 - To see if the Town will vote to accept the road currently maintained by the town and in public use shown on survey plats entitled "Subdivision Plat II - Land of John A Frothingham" and "Subdivision Plat - Land of John A. Frothingham" approved by the New Boston Planning Board and recorded at the Hillsborough County Registry of Deeds, or act in relation thereto.

The Article was moved by Selectman Mansfield, seconded by Selectman Caldwell and adopted.

Article 14 - To see if the Town will vote to authorize the Selectmen to sell at public auction or administer property of the town acquired by tax deed or gift, or sell to the former owner upon payment to town of an amount not less than the sum total of the overdue taxes plus sale and administrative expenses, plus interest on the aggregate of the foregoing, calculated at the rate of 18% per annum, or act in relation thereto.

This standard Article was moved by Selectman Mansfield, seconded by Selectman Caldwell, and adopted.

Article 15 - To see if the Town will authorize the Selectmen to apply for, receive and expend Federal or State grants, which may become available during the course of the year, and also to accept and expend money from other governmental unit or private source to be used for purposes for which the town may legally appropriate money: provided (1) that such grants and other monies do not require the expenditure of other town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies, and (3) that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of town monies, all as provided by RSA 31:95b, or act in relation thereto.

The Article was moved by Jay Marden, seconded by Selectman Caldwell, and adopted.

Article 16 - To see if the Town will vote to authorize the Selectmen to hire money to meet the necessary expenses of the town, or act in relation thereto.

The Article was moved by Selectman Olson, seconded by Jay Marden, and adopted.

Article 17 - To transact any other business that may legally come before the meeting.

Bruce Mogayzel moved to see if the Town will vote to extend snow fence during the 4th of July Celebration (and other such crowd-attracting celebration) completely down the dirt road in front of the school to River Road, to help protect the property and safety of the abutters to the Town Property. This was seconded by Selectman Olson. Mr. Mogayzel explained the invasion of privacy and property damage done when such large crowds gather in the village area. Discussion ensued as to who actually owned this land, whether the Town should be held responsible, and whether this fence would achieve the desired effect. Police Chief John Ballou stated that he had long been an advocate of the late afternoon and evening activities of the 4th of July being moved from the center of Town. When voted on Mr. Mogayzel's motion was adopted.

Lorraine Barney then wished the concensus of those present be taken on limiting the number of lots to be sold or houses built in New Boston in a given year. The concensus vote as opposed to limiting subdivisions, building or development in New Boston.

The Moderator then suggested that there being no contests on either the School or

Town Ballots that the printed candidates be declared winners and that only the zoning question on the Town Ballot be counted. This suggestion was then duly moved seconded and adopted, subject to the ballots being counted after the meeting.

The 1985 New Boston Town Meeting was then duly adjourned at 10:50 pm.

Respectfully submitted,
Sandra Gendron
Town Clerk

TOWN BUDGET

Revenue Affecting the Tax Rate	Est. 1985	Est. 1986
From State:

AUDITORS REPORT

We have examined the town books for 1985. We find that all State Statutes are being complied with in proper order. This concludes our audit for 1985.

Helen Normandin
Gary Luneau
Auditors

FINANCE COMMITTEE REPORT

Realizing that the town faces, at least, several years of heavy expenses, the Finance Committee has been forced into a great deal of soul searching. We are charged with the overall town financial picture; and in the process of reviewing each budget, we have tried to relate each request to the total town financial needs. Needless to say, there will be recommendations that will not sit well with individual organizations. Please try to remember that we really do not have axes to grind, nor do we intend to favor any organization over any other. These will be expensive times regardless.

Going to the School Warrant Articles, our committee voted-

AGAINST (3-2) the multi-purpose building

FOR (4-1) the six classroom addition.

Examining the School Budget, we present the following recommendations that amount to (A) DECREASE in the total budget of $6,200.00. Reducint the tuition pad for Junior High students for 5 to 3. 2 $2,600 - $5,200. Reducing the oil allowance by $1,000.

In discussing the town budget, we came up with the following recommendations - POLICE - REDUCTION of $10,450 comprised of the following: Radar $2,400, Law Books $650, Salaries $7,400. This represents an INCREASE of 20% over the expended salaries of 1985.

FIRE - REDUCTION of $1,300 for a portable radio and LIBRARY - REDUCTION of $2,000 to be obtained from maintenance and furnishings.

Our recommendations for the Warrant Articles concerning money are as follows - MASTER PLAN - recommended, TOWN HALL REPAIR - recommended, POLICE CRUISER - NOT recommended, FIRE TRUCK - recommended, AIR TRUCK - recommended, DISPATCH HOOK UP - recommended, DUMP CLOSURE - recommended, NEW REFUSE TRANSFER SYSTEM - recommend Option 4, ROAD COMPLETION PROJECTS - recommend $100,000 for Bedford Rd. only.

ROAD COMMITTEE REPORT

Projects for 1986:

1. Finish widening and graveling Bedford Road.
2. Continue widening, graveling and draining Old Coach Road from the Sanitary Landfill going to the Francestown Town Line.
3. Begin laying plans for widening and graveling McCurdy Road.

Richard Moody, Chairman
George Daniels
John Heafield, Jr.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Foresty officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

» If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

September 9	Buried Lester G. Houghton, age 86. Lot #20 Survey #8. Brought from Hanover, N.H. French & Rising - Undertaker

WHIPPLE FREE LIBRARY
LIBRARIAN'S ANNUAL REPORT
Year Ending December 31, 1985

New Boston saw a lot of changes this year and the library statistics show some interesting trends that probably reflect these changes. Circulation increased with the children's books, tapes and toys being the areas of most growth. We enjoyed meeting and registering many newcomers.

The library also purchased more books than ever with emphasis on improving the reference collection. We also subscribed to a book leasing service so that we could add some books to our collections on a temporary basis - for example duplicate copies of books with long reserve lists. The educational toy collection and the children's book/cassette packages, both very popular, we purchased with gift funds. Through the library co-op we plan to share collections of audio books and perhaps video cassettes. After town meeting we opened six more hours per week and we hope to add several more hours this coming year.

This summer the school and library cooperated on a successful "Haunted House" reading program. The Hayes fund provided for two special programs this year. During the summer we co-sponsored the Andy's Summer Playhouse production and in the fall (competing with the rising winds of Hurricane Gloria) storyteller Odds Bodkin entertained the school with marvelous tales.

In December the Trustees confirmed their commitment to the future by ordering a modem and new telephone line so that the library can access the State Library computer from a terminal in our building through a shared communications link in Manchester. This will greatly improve our interlibrary loan service. It will also provide access to the status of bills in the State Legislature and an index to the major newspapers in the state.

It's very rewarding to have young children getting acquainted with the library at storyhour while their parents also have a chance to talk with each other. This is made possible by two very special volunteers, the Mulligans. The school program has been served by a volunteer, Herman Aldrich, who has come from out of town for almost ten years to help. Thanks also go to those who support us with gifts of money and books and magazines for our collection and book sale. Everyone appreciates the displays of collections and crafts that volunteers have arranged for us.

As the town grows and changes the library will too but your support and suggestions will help it truly serve the needs of everyone.

NEW BOSTON PLANNING BOARD

The Planning Board met the 2nd and 4th Tuesday of each month in the Conference Room at the Town Office building. Due to the substantial increase in subdivision applications, the board had the revise it's schedule and expand it's agenda. On the 2nd Tuesday meetings, only new business was taken in; and the 4th Tuesday meetings were held for work sessions on major subdivisions and final hearings. Because of the lack of any discussion time for other Planning Board concerns at these two meetings, the board, in July, voted to meet on the 3rd Tuesday of each month for planning workshop sessions. In addition to these three monthly meetings, the board met at various times on location, for on-site inspections of major subdivisions, and on-site reviews of non-residential site plan proposals. The Planning Board has also continued to work with the Southern N.H. Planning Commission on the Master Plan for the town, and hopes to have preliminary and final drafts to propose at public hearings in 1986.

Officers for the year were Harold Strong as Chairman, Ella Daniels as Secretary, and Claire Dane as Recording Secretary. Our three selectmen filled the positiion of Selectmen Representative on a rotating basis throughout the year. Other members were Mr. Walter Leach and Mr. Frank Crawford, who requested a six month leave of absence in November and was granted the leave by the Planning Board and Selectmen. We look forward to Mr. Crawford's return in June. Alternates for the year were Mr. August Gomes, Sr. and Mr. Donald Grosso. Mr. John Musick has been appointed as the board's third and newest alternate, and will be attending meetings as of the first of the year. We welcome Mr. Musick to the Planning Board.

HEALTH OFFICER'S REPORT

During 1985 the usual types of inspections and compliants occurred - mostly related to improperly constructed wells, neglected septic tanks and inadequate leach fields. Unless the town agrees to create the position of, and compensation for, a Building Inspector these problems are going to increase. Such an official can be compensated by fees with no effect on the tax rate. The surge of new building permits and subdivisions make this a priority item.

Groundwater pollution and its prevention is a serious concern of many in town, and should be for everyone. Groundwater pollution by the "sanitary" landfill has been demonstrated and makes closure necessary. The expense is going to show in everyone's tax bill.

Since the major groundwater aquifers in New Boston have not yet been adequately located and mapped, it behooves every one of us to monitor our own waste disposal practices to prevent further pollution of groundwater, the river and the streams which run into it. Septic systems must be pumped out regularly and leach fields rehabilitated when necessary. Hazardous and toxic wastes such as paints, oils and other petroleum products should be isolated until a safe and approved method of disposal can be found.

It should be evident that marshes, swamps, bogs and gravel all contribute to our individual private water supplies. They are probably the most valuable future asset of the town. If these are lost or contaminated, we will suffer the problems of some of the overdeveloped areas to the southeast of New Boston.

Samuel M. Brooks, M.D.
Health Officer

1985 FORESTRY COMMITTEE REPORT

The year 1985 has not been an active year for the Town Forest. However, in the climate of rapid growth that the town is experiencing, it is serving a vital function. In the past, the Town Forest has been looked upon mainly as a source of income from the sale of timber products. That will be true in the future but it may be a secondary role. Among it's many values will be water, open space, wildlife and recreation. All of these uses and values are possible to the town with good forest management.

Your Forestry Committee intends to see that sound practices are carried out. It is our recommendation that for now, we put all of our efforts into preserving the integrity of the Town Forest System and keeping it intact for future generations. They will thank us for our foresightedness. The cutting practices in the past have been quite heavy and a period of growth and regeneration is definitely in order.

The old road leading from Old Coach Road to the area of the landfill is being trimmed out, so as to provide fire-truck access to the area. A chain with a lock will block the road to unauthorized people.

The Lydia Dodge Lot around the landfill should be left as undisturbed as possible, realizing that the needs of the town landfill come first in community requirements.

Respectfully submitted,

Clifton LaBrie
Oliver Dodge
George St. John

TOWN OF NEW BOSTON
OCTOBER 1, 1984 - SEPTEMBER 30, 1985
HOME HEALTH CARE & COMMUNITY SERVICES, INC.

ANNUAL REPORT

This past year, Home Health Care and Community Services has provided home and community based services to the residents of New Boston as in previous years. These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and service fees. Those that could not be covered by outside funding have been supported by your town.

The following statistical and financial information represents our agency's activities in your community during fiscal year 1985.

SERVICE REPORT

Services Offered	Total Support	Total Provided By Town
Skilled Nursing*	11 Visits	0 Visits
Maintenance Nursing	0 Visits	0 Visits
Adult Health Nursing	2 Visits	2 Visits
Child Health Nursing	1 Visits	1 Visits
Bereavement Support	0 Visits	0 Visits
Home Birth Registrations	1 Visits	0 Visits
Office Visits	0 Visits	0 Visits
Nursing Assessments & Other	2 Visits	2 Visits
Rehabilitation Therapies:		
Physical Therapy	0 Visits	0 Visits
Speech Pathology	0 Visits	0 Visits
Occupational Therapy	1 Visits	0 Visits
Homemaker	98 Hours	0 Hours
Home Health Aide	2 Visits	2 Visits
Medical Social Worker	0 Visits	0 Visits
Nutritionist	0 Visits	0 Visits

TOTAL CLIENTS SERVED

Services	Total Unduplicated Client Count
Professional Services	7
Homemaker/Home Health Aide	1
Child Health	1

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone and office consultations were made available to your residents throughout the year. Town funding, in part, supported these additional services.

*Includes Care for the Terminally Ill.

FINANCIAL REPORT

The total cost of free services in your town this past year was $555.00.

Funds applied toward the cost of free services were as follows:

Town Funds	$6,007.96
Title IIIB	54.00

The total balance in 1985 for New Boston is $5,507.00

On the basis of this past year's level of services provided to your town, it is strongly recommended that your community consider the fee for service approach to cover the anticipated costs of services in 1986.

RECREATION COMMISSION

1985 Annual Report

The year of 1985 began with the annual event of the crowing of the Winter Carnival Queen at the Carnival Ball. Maurice Briere presented his donation of a trophy to Queen Susan Binette. First runner-up was Colleen Craven and the best essay was awarded to Katie Marshall. Many thanks to Amy Bowker, a former Miss New Hampshire, Meg Geraghty, from the Union Leader Staff, Tom Mansfield, New Boston Selectman and Maurice Briere for judging the contest. The Annual Carnival Ball was co-sponsored by the Businessmen's Association and the Recreation Commission. New Boston Celtics won the Basketball tournament. Thanks also to McDonalds for donating the trophies.

Thoughout the year there is a continuous program of Aerobics and gymastics supported by great people like Jeanne Mudrick, Karen Hall and Joan Vorhees.

During the month of February the Recreation Commission sponsored a Valentine Dance for the Junior High and High School students. During the week of February vacation the commission took Central School children to Happy Wheels.

In March we established the "Friends for Recreation". The "Friends" will be the fund-raising and supporting arm, working closely with the Recreation Commission. We also joined the National Recreation and Parks Association which allows us access to information concerning any free programs that become available, workshops for the commission officers and special contacts to aid us in providing programs.

In April the Annual Easter Egg Hunt was once again supported by the young people of New Boston. McDonalds provided us with an Easter Bunny who helped us distribute candy and prizes to pre-schoolers through third grade. The 4th, 5th and 6th graders participated in a scavenger hunt for money and prizes. We were also able to make a donation to the Praise Program. Praise helps young people who are having problems relating to drug and alcohol abuse. We were able to donate to the sixth grade scholarship fund for Conservation Camp and to the Hillsboro County 4-H Foundation.

In May J'Amy Green, our Summer Recreation Director and two of her associates attended the Wink Tapply Workshop to obtain ideas and information which would help them with the Summer Program. We closed the month of May with a bus, filled with New Boston adults who went Shelbourne, Vermont where they visited the Shelbourne Museum. They took a ferry-boat ride on Lake Champlain which rounded out their fantastic weekend in Vermont.

During the month of June the Recreation Commission operated the food booth for the Central School Field Day. A record number of children signed up for the Summer Program which began in the first week of July. Hats off to Cecile Murdough for transporting the children back and forth to swimming lessons. Many thanks to Ken and Gloria Barss for the use of their pool. Thank you again and again to Corky Trimbur for another year of swimming lessons. The summer program allowed the children to participate in field trips twice a week to numerous state parks, bowling, movies, minature golf and Chucky Cheese. One of the highlights was riding the Tram in Franconia Notch to the top of Cannon Mountain. Congratulations go out to all of the children who participated in the annual Hersey Track and Field Event held in July at Concord Memorial Field. Almost all of the New Boston children who participated in the events placed in their heats. Thank you to all of the parents who supported these children and to Jennifer Dodge for a fantastic coaching job. Summer would not be the same without the annual Mayfly, Junebug and Mosquito tennis tournament under the leadership of Gail "Ace" Parker and Candy "Luv" Woodbury. The summer ended with our annual trip to Whalom Park and the sad goodbyes to our great Director J'Amy

Green. Thanks to our Galluping Bus Driver and her accomplice "Raring to Go" Reeves and of course the Big Kid, Mr. Mud. Thank you to all the parents who helped us on our field trips.

The Fall months began with a trip for 15 senior citizens to Sunapee State Park for the annual Octoberfest sponsored by the State of New Hampshire Parks and Recreation for all senior citizens. Plans for the Haunted House toop up the months of September and October. We opened for a week of haunting with the best attendance ever. Thanks to Brian Towne and David Woodbury for providing the hayrides. Many thanks to all the "Haunters" and to the children and adults who supported us.

On November 24th - 25th, 42 "Gamblers" tried their luck in Atlantic City and most lost. A great time was had by all despite the fact of empty pockets on the way home. The Recreation Commission sponsored a Newcomers Welcome held at the Town Hall with many organizations attending. Invitations were sent to 64 new families with about 20% attendance.

In December the annual Christmas Tree Lighting took place with Selectman Marguerite Warg having the honor of lighting the tree. The children from the Community Church Junior Choir provided us with Christmas Carols, Santa arrived and led the children inside for cartoons, pictures and gifts for one and all. At the end of December we went to Quebec City by tour bus. Twenty-one New Boston citizens welcomed in the New Year together. We enjoyed excellent French buffet dinners, dancing, entertainment, a masquerade ball, with music from the 20's, 30's and 40's. Mary (Marie) Statt, Corky (Cecile) Trimbur, Jeanne (Annette) Mudrick, Gail (Yvonne) Parker and and Candy (Emily) Woodbury portrayed the Dionne Quints and brought back to New Boston a trophy for the most original costumes.

With the rate of growth in New Boston this past year it is our hope and desire to provide every New Boston resident with the same quality of programs that have been available in the past. We can only accomplish this with your continued support. Our heart-felt thanks to all of those mentioned and to those who contributed in so many different ways to provide another great year for the 'children' of New Boston.

Sandy Gallup
David Mudrick
and the New Boston Recreation
Commission and Friends

NEW BOSTON CONSERVATION COMMISSION 1985 REPORT

The New Boston Conservation Commission for 1985 resolved to spend its energies in two related ways. One was to sponsor a fair and reasonable wetlands protection amendment to our zoning ordinance. This measure is vital if the town is to preserve its very valuable surface and subsurface water resources. An abundance of clean water is absolutely vital to the physical and economic growth and development of the town as well as to the vegetation and wildlife already found here. With the kind assistance and support of the Soil Conservation Service, Southern New Hampshire Planning Commission, New Boston Selectmen and Planning Board, and concerned citizens who express their views at the preliminary hearings, such an ordinance will be presented to the New Boston voters in March, 1986.

The second project of the Conservation Commission has been to begin compiling information on the Great Meadows area in northwest New Boston so that at a future town meeting that area can be declared a prime wetland. If a particular area meets certain criteria demanded by the Wetlands Board in Concord, it can be considered a prime wetland and certain additional steps must be taken before a permit to dredge and fill may be obtained. The Conservation Commission has asked Gordon Russell of Weare to compile the needed information concerning soils types, wild plants and animal life in the area. This and similar projects remain a part of the Conservation Commission's agenda for 1986. We hope to complete this project in the coming year.

Respectfully submitted,
Betsey Dodge, Chairperson
New Boston Conservation Commission

REPORT OF THE SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

A wide variety of services, resources and techinal assistance is made available to your town through the dues-paying membership in the Southern New Hampshire Planning Commission. A professional planning staff, assisted by consultants in certain disciplines for which the Commission does not employ a full-time staff, work under the overall direction of your representatives in developing and carrying out planning programs that are deemed important for your community as well as for the region.

Staff services provided under the Commission's local assistance program are mostly decided by the communities themselves. However, certain general studies , notifications or acquisitions of resources which are deemed useful to all member-municipalities are also made under this program with a directive of the Commission.

Local Assistance services provided to the Town of New Boston during the past year were as follows:

- Prepared amendments to the town's zoning ordinance establishing the Wetland Conservation District;

- Prepared amendments to the town's subdivision regulations pertaining to the preceding ordinance change;

- Met with a member of the town's Conservation Commission to discuss possible amendments to the suggested draft of the wetland ordinance prepared by the Commission staff;

- Provided the Planning Board with a uggestd schedule for public Provided the Planning Board with a suggested schedule for public notices and hearings pertaining to zoning and/or building code amendments, if any, to be considered at the March 1986 annual tow amendments, if any, to be considered at the March 1986 annual town meeting.

- Procured a set of 1981 aerial photos for the Town of New Boston, in the scale of 1"-400', from the U.S. Department of Agriculture; and

- Co-sponsore the Municipal Law Lecture Series to which New Boston officials were invited.

New Boston's representatives on the Commission are:

Board of Commissioners: Mr. August Gomes
Mrs. Nonah Poole

Executive Committee Member: Mr. August Gomes

REPORT OF THE MULTI-PURPOSE BUILDING COMMITTEE

On March 8, 1985, the New Boston School District voted to authorize the New Boston School Board working jointly with the Board of Selectmen, to appoint a Building Committee to submit a detailed report and proposals for a multi-purpose building; to authorize this committee to engage the services of an architect and/or other professionals to assist them in making evaluations and preliminary plans determining the cost of such construction; and to raise and appropriate $7,500.00 for securing such services.

The aforementioned committee was appointed and began meeting in April 1985. Initial activities included election of officers; establishment of a time line; formation of study committees to address the issues of building site, population projections, financial aid - including community grants, school aid and non-school aid; and development of procedures for selecting an architect.

In July the committee interviewed five architectural firms who had expressed an interest in working on a multi-purpose building project. As a result of these interviews the committee unanimously agreed to hire David Lopatich of Nashua for a fee of $5,000.00.

Mr. Lopatich assisted the committee in determining program functions which would directly affect the size, content, location and cost of the proposed building. Information received from the 1984 Study Committee Questionnaire served as a guide in establishing building functions and helped clarify the needs and desires of the community. The committee, therefore, decided that the Multi-Purpose Building should meet the following criteria: (1) be large enough for town assemblies and recreational activities, (2) adaptable for a variety of activities including meals, sports, plays, town meeting, (3) community access separate from Central School, (4) Sufficient parking area away from the school yard, and (5) Maximum durability and minimal maintenance.

Having established the functions of the Multi-Purpose space, the committee addressed the issue of location. Since the building would be servicing the entire community a central, easily accessible location was deemed most desirable. Several options were examined, however, the most feasible sites appeared to be in the area of the New Boston Central School. Surrounding the school there were three possible locations. Two were eliminated due to the following concerns: no space for parking, location of well and oil tanks and future expansion. The final determination was for the site located to the north of the existing school building.

Discussions were held as to linking the school to the Multi-Purpose Building via an enclosed or covered corridor or maintaining a completely separate structure. It was at this point that the School Board requested that the architect consider how additional classrooms might be included in the overall scheme. The School Board expressed their concern that additional classrooms would be needed in the near future and that it would be advantageous to consider such growth in our planning.

Armed with the preceding information the committee with the help of Mr Lopatich drew some conclusions with regard to building location, construction, layout, dimensions, possible additions and administration. These conclusions are as follows:

1. The building site to the north of the Central School is most advantageous.
2. Fill would be used to bring the building up to grade with the existing school building.
3. A pre-engineered steel structure would be used for the Multi-Purpose Building.

4. Masonry would form the walls.
5. The roof would be a standing seam structure.
6. A small septic system would service the kitchen and dressing rooms.
7. Parking would be provided to the front and rear of facility, with a fire access road circuling the entire complex.
8. Kitchen facilities capable of producing 300 meals.
9. A junior-high sized basketball court.
10. Bleachers and floor seating to accommodate 800— people.
11. Six regulation size classrooms could be included as a link between the existing school and the new Multi-Purpose facility.
12. Scheduling and administration of the Multi-Purpose Building would be the responsibility of the principal of the Central School under the supervision of the School Board. New Boston public organizations to have priority. The building would be available for year round use.

Having defined the nature of the project the committee then turned to the issue of projecting costs. Mr. Lopatich suggested that we might consider a "design build" approach for our project. With this approach the contractor and guaranteed miximum price are preidentified. The turnaround time on the project is faster and it would be possible for us to realize a 15% - 25% savings. The committee agreed to pursue the "design build" approach. The project was advertised and a number of construction companies familiar with "design build" techniques were approached. Three of those companies were asked to estimate the cost of the project. The committee then selected Baybut Construction Company of Keene, N.H. Baybutt would have the project ready for occupancy by September, 1986.

Costs are as follows:	Multi-Purpose Building	$ 989,933.00
	Classrooms	307,773.00
	Total Project	$ 1,220,000.00

The costs include site survey and preparation, construction, equipment (tables, desks, kitchen equipment, bleachers), parking, fire protections, etc.

Based on its findings, the Multi-Purpose Building Committee recommends that the voters of the School District of New Boston appropriate the necessary funds for the construction and equiping of the Multi-Purpose Building for use by the community and school. We also suggest that consideration to given to the impending need for additional classrooms to service the children of our community and the financial as well as constructional advantages of uniting the two projects. We further suggest that this Building committee be retained to supervise the construction project.

Respectfully submitted,
Brian Towne, Chairman
Gail Parker, School Board, Vice Chairman
Lynda French, Secretary
Tom Mansfield, Selectman
Kerwin Sizemore
Wayne Daniels
Fritz Green, School Board
Committee Members

1986 SCHOOL DISTRICT WARRANT

Election of Officers

To the Inhabitants of the School District in the town of New Boston qualified to vote in District affairs:

You are hereby notified to meet at the town hall in said district on Tuesday, the eleventh day of March, 1986, at ten o'clock in the forenoon, to cast ballots from that hour of said day until seven o'clock in the evening, for the following School District Officers:

1. To choose a member of the School Board for the ensuing three years.
2. To choose a Treasurer for the ensuing year.
3. To choose one Auditor for the ensuing two years.

Given under our hands at said New Boston this fourteenth day of February, 1986.

Gail Parker
Frederick Green
Karen Kelly
School Board

NEW BOSTON SCHOOL
1986 DISTRICT WARRANT

To the Inhabitants of the School District in the town of New Boston qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on Friday the seventh day of March, 1986, at eight o'clock in the evening to act upon the following subjects:

1. To see if the District will vote to raise and appropriate the sum of Nine Hundred Eighty Nine Thousand, Nine Hundred Thirty Three Dollars ($989,933) for the construction of a Multi-Purpose Building, to be constructed on the north side of the existing school on land currently identified as the former Victor J. and Katherine Daniels land. Said construction pursuant to plans and specifications approved by the School Board, a copy of which is on file at the School Administrative Unit #19 office. Funds raised and appropriated to also include furnishing and equipment, architectural and other fees, site acquisition, site development, enclosed link to New Boston Central School, and other items incidental to and necessary for such construction and to raise said sum by the issuance and sale of bonds or notes in accordance with the provisions of the Revised Statutes Annotated of New Hampshire, as amended. The time and place of payment of interest, rate of interest, provisions for sale of notes or bonds and all other matters in connection therewith, to be left to the discretion of the School Board, or take any other action in relation thereto.

3. To see if the District will vote to authorize the present Building Committee to continue in service until completion of the construction of the Multi-Purpose Building with enclosed link to New Boston Central School and/or six classrooms, or to take any other action in relation thereto.

4. To see if the District will vote to authorize the School Board to accept a portion, two acres more or less, of the tract of land, identified as the former Victor J. and Katherine Daniels land or take any other action in relation thereto.

5. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the District.

6. To hear reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

7. To choose agents and committees in relation to any subject embraced in this Warrant.

8. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States and/or any other source, and to appropriate any funds received to the payment of obligations of the District for which said funds constitute full reimbursement in accordance with RSA 198:20-B, or take any other action in relation thereto.

9. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of statutory and contractual obligations of the District.

10. To transact any other business that may legally come before this meeting.

Given under our hands at said New Boston this fourteenth day of February, 1986.

Gail Parker
Frederick Green
Karen Kelly
School Board

MEETING OF THE
NEW BOSTON SCHOOL DISTRICT
March 8, 1985

The meeting was called to order at 8:00 p.m. by Moderator David Woodbury. The salute to the flag was led by Cathy Strausbaugh, followed by a prayer given by Nonah Poole.

Mr. Woodbury introduced the School Board Members, Cathy Strausbaugh, Gail Parker and Frederick Green. Also from the School Administrative Unit #19, Antonio Paradis, William Johnstone, Kenneth Greenbaum, Dr. Elizabeth O'Reilly and Darrell Lockwood, New Boston Principal.

At this time Gail Parker presented out-going board member Cathy Strausbaugh a token of appreciation for her contribution to this school district and a personal gift from the board members with much praise and thanks.

Article I

Frederick Green moved that the salaries of the School Board and Truant Officer and the compensation of any other officer or agent of the District be accepted as printed in the town report. Gail Parker seconded and the motion passed.

Article II

Gail Parker moved that the reports of agents, auditors, committees, or officers be accepted as printed in the town report. Cathy Strausbaugh seconded and the motion passed.

Article III

Gail Parker moved and Frederick Green seconded the motion to pass over this article. This passed.

Article IV

Frederick Green moved that the District authorize the School Board to make application for and to accept, on behalf of the District, any and all grants for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States in accordance with RSA 198:20B. Cathy Strausbaugh seconded and the motion passed.

Article V

Cathy Strausbaugh moved that the District authorize the New Boston School Board working jointly with the Board of Selectmen, to appoint a Building Committee to submit a detailed report and proposals for a multi-purpose building; authorize this committee to engage the services of an architect and/or other professionals to assist them in making evaluations and drawing up preliminary plans determining the cost of such construction: and to raise and appropriate the sum of seven thousand five hundred dollars ($7,500) for the aforementioned services. The resulting report and proposals to be presented to the citizens of the town at the 1986 Annual School District meeting and the Annual Town meeting. Gail Parker seconded the motion.

Kerwin Sizemore, chairman of the Multi-Purpose Building Study Committee was directed to answer any questions pertaining to their report as printed. There were no questions at this time.

Howard Towne moved to amend the article to read: authorize the School Board working jointly with the Board of Selectmen to appoint a building committee of five (5) to consist of no more than one member of the Board of Selectmen and one member of the School Board with other members those who had not served on the previous committee: to submit a detailed report to include projected costs of water, lights, heat and staff, and three alternate proposals for a multi-purpose building: to authorize this committee to engage the services of an architect and/or other professionals to assist them in making an evaluation and drawing up preliminary construction and to raise and appropriate ($4,500) four thousand five hundred dollars for the aforementioned services. The resulting report and proposals to be presented to the citizens of the town at the 1986 Annual School District and Annual Town Meeting. The amendment was seconded by Lorraine Barney.

Mrs. Parker responded by saying the committee had been a representation of several organizations in town, that the $7,500 figure would hopefully be for plans that ultimately would be used, therefore not wasted. Several other comments were offered pertaining to classrooms, location and other aspects of such a building. The School Board reminded those present this was only a study committee and these questions would be answered by this new committee. Selectman Caldwell commented on the size of the committee and how well they functioned together and if all new members were appointed much knowledge gained would be lost.

More discussion followed at which time the Board assured the audience that one or two proposals would be presented with monetary figures at the 1986 meeting. The amendment was defeated.

The original article was voted on and passed.

Article VI

Cathy Strausbaugh moved that the District raise and appropriate one million, one hundred twenty-two thousand, eight hundred ninety seven dollars ($1,122,897) for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory and contractual obligations of the District.

Frederick Green seconded the motion and the Board proceeded to present the budget. Special note was made by Mrs. Parker that the four areas of largest monetary concern are tuitiion for the Junior and Senior High students, teacher compensation which includes an 11% average wag increase, Special Education and Transportation.

Lorraine Barney questioned why the teachers salaries and educational background were not listed in the Town Report. The board responded that this was not a policy now nor was ever considered. Discussion followed on the transportation of students.

Mr. Green stated that the State Board of Education had extended the time Junior and Senior High students spend in each period of school, which will cause a considerably longer day. First and second grade students would especially be affected by this; therefore a proposal is being made to have a double run of buses to pick up lower grades at a later hour in the morning.

The teachers salaries were then presented at which time it was noted that the school nurse had received an 8% raise as compared to the 11% mentioned. Discussion followed on the importance of the nurse and perhaps the need for a full time schedule in this positon. Mrs. Christoph was commended on her fine work and in her absence that of Mrs. Reeves, the secretary. Therese Shanahan made an amendment to increase the budget to $1,122,959.00 to give the school nurse an 11% raise. William Shanahan

seconded the amendment. Discussion followed and note was made of the efforts of Mrs. Mary Reeves, secretary at Central School. An 11% raise was recommended for her also. Mr. & Mrs. Shanahan withdrew their amendment. Therese Shanahan moved to amend the school budget to $1,123,193 (one million, one hundred twenty three thousand, one hundred and ninety three dollars) the increase to be directed to the salaries of Ann Christoph, School Nurse and Mary Reeves, Secretary.

The amendment was voted on and passed. It was noted by the moderator that this is not a line item budget, therefore only the final figure could be voted on, but that the School Board would certainly honor the voters' wishes.

Article VI was voted on and passed as amended.

Article VII

Bo Strong, Chairman of the New Boston Planning Board, questioned the Board as to projections for the future. Mr. Lockwood reported that for the last few years the trend has been an increase in the Junior and Senior High student range, but future plans are being directed toward the Central School by way of repairs to the two buildings now being used for storage and the Kindergarten. Mr. Strong requested that the Planning Board be made aware of projected increases in student population which would aid in future developmental planning. Wayne Daniels moved to adjourn at 10:15 p.m. This passed by unanimous vote of the ninety-five voters present.

Respectfully submitted,
Nonah Poole
School District Clerk

NEW BOSTON SCHOOL DISTRICT
PROPOSED BUDGET 1986/87

		Actual 1984/85	Budget 1985/86	Proposed 1986/87

REPORT OF THE SUPERINTENDENT

To the School Board and Citizens:

The 1985-86 school year looks to be the year of realization that previous years' talk of growth has firmly come to rest. Simply talking about growth will not solve the problem of space needs. The school facilities for the past several years have absorbed the continuing trend of pupil growth - some by adequate buildings planned over a decade ago, most by make shift modifications to existing plans - by partitioning core facility areas, using satellite buildings, incorporating larger class sizes, and acquiring portable classrooms. Although there appears no consistent procedure for resolution across SAU #19, there does appear a consistent and steady pattern of growth which indicates existing facilities are at capacity and beyond.

The respective districts in the SAU #19 each have unique problems which can be resolved only through continued local planning and commitment to resolution.

The long overdue facility needs at the elementary and secondary grade levels in Weare will find some resolve in the construction of the John Stark Cooperative High School. Opportunities for necessary basic standards for high school students will be in effect along with expanded opportunities in elective courses and programs. These undoubtedly enhance education for Weare students. Additionally, relief for elementary and junior high school programming will also result but only with continued commitment to the facility needs at Grades R-8.

The New Boston effort with a new multi-purpose building and added classroom space for grades R-6 will ease the long standing inadequacy of use of the town hall for lunch and physcial education. Appropriate classes for the special needs programs can be met as well as a needed centralized school library, and immediate classroom space.

Goffstown's space and facilities needs are significantly evident this school year requiring both short term and long term procedures and planning. Partitioning of existing core facility space at the Junior/Senior High School level, the acquisition of a portable classroom, and use of a basement facility will ease some of the space shortage for September, 1986. However, a more lasting resolution hopefully will evolve from the efforts of a newly formed Space Needs Study Committee comprised of School Board members and interested citizens. A small grant of funds has been budgeted for professional asistance in the survey studies.

Dunbarton and Bow do not see immediate consequential space problems because both communities built facilities when growth was earlier recognized; however, it is safe to assume that continued close observation of student growth is necessary to keep abreast of an increasing pupil population in this portion of the State.

I can only encourage the continued foresight of the respective communities. In my short stay as "interim" Superintendent, I express appreciation for the cooperation of the Boards and citizens. The SAU is fortunate to have supportive administrative personnel whose earnest attention to the daily operation of all District schools has allowed a smooth and positive transition between permanent Superintendents of Schools. I am grateful to each of them for their assistance and sharing of knowledge.

Respectfully submitted,
Dr. Charles W. Lamontagne
Interim Superintendent

NEW BOSTON SCHOOL DISTRICT

Richard Matthews, Principal

The attractive setting and location of New Boston has helped to promote growth in the New Boston community. During the year 1985, ninety-one foundations for homes were constructed. Increasing population in the town often coincides with an increased enrollment in the schools.

When school ended for the year 1984/85, the anticipated enrollment for 1985/86 was 169. September greeted New Boston Central School with additional students. In grade five along, five new students increased the enrollment at the grade level to thirty-two students. State minimum standards for public elementary school approval require a pupil/teacher ratio of 30 to 1 or less in grades 3 - 6 and 25 to 1 or less in grades 1 - 2. In order to meet these requirements grade 5 was separated into two classrooms. At present the total enrollment for grades R - 6 is 186 students. This is a 10% increase over the projections. The distribution of students attending public schools is as follows:

New Boston Central School		Goffstown Area School	
Readiness	11	Grade 7	31

Grade 4	27	Grade 11	41
Grade 5	32	Grade 12	32
Grade 6	22	Totals	222
Total	186		

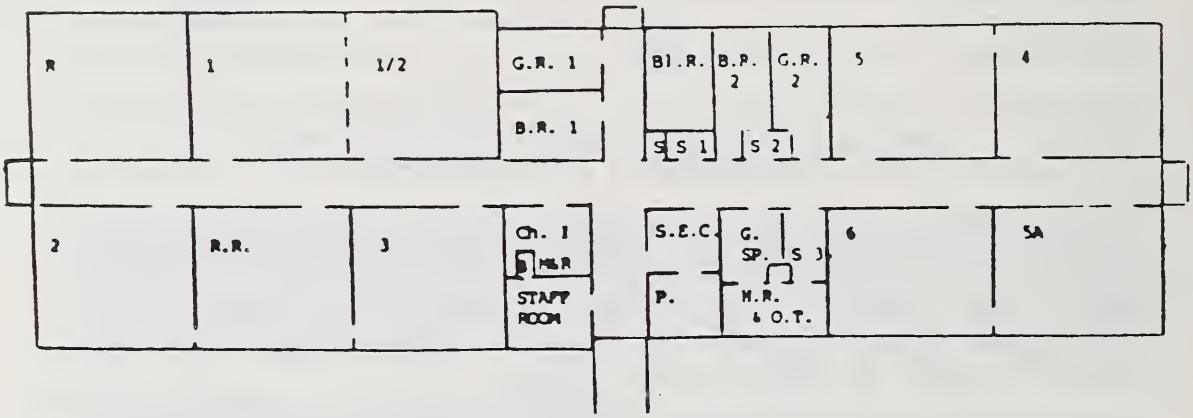
Special Education Tuition Students/Elementary - 6

Along with increased enrollment of students there has also been an increase in the number of staff. During the summer of 1985 the principal and the staff developed a Chapter I grant enabling the school to employ a full-time remedial reading specialist and a part-time guidance counselor. Because of the additional grade 5 class it was necessary to employ an additional grade 5 teacher.

An increase of student population and personnel at New Boston Central School forced the administration to study space utilization within the school. At present every available area is being utilized for the operation of the school. The following diagram and references explain the use of each area.

R	Readiness classroom has 11 children enrolled.
1	Grade 1 classroon has 22 children enrolled.
1/2	1/2 Combination classroom contains 11 grade 1 and 9 grade 2 students (Total - 20).
2	Grade 2 classroon contains 22 students.
R.R.	Resource Room is used to meet the needs of children coded with special learning disabilities. Students attend this classroom on a part-time basis.
3	Grade 3 classroom has 30 children enrolled.
G.R. 1	Girls' restroom for grades R - 3.
B.R. 1	Boys' restroom for grades R - 3.
Ch. I	Chapter I area is used for the Reading and Math Chapter I programs. In the past, this area was used as a storage room for art, music, and teaching

	supplies.
Staff Room	Area used for teacher lunch and non-instructional equipment such as laminator, duplicator machine, 3M Transparency Maker, etc.
Bl. R.	Boiler Room
S	Storage closet for some athletic equipment
S 1	Storage closet for art and music materials
S 2	Storage closet for janitorial supplies
B.R. 2	Boys' restroom for grades 4 - 6
G.R. 2	Girls' restroom for grades 4 - 6
5	Grade 5 classroom has 16 students
4	Grade 4 classroom has 27 students
5A	Grade 5 classroom has 16 students
S.E.C.	Secretary's Office
P	Principal's Office
G. & SP.	Guidance and Speech Therapy area used for Guidance three days per week and Speech Therapy two days per week
H.R. & O.T.	Health Room shared with the Occupational Therapist. Health Room used five days per week and Occupational Therapist uses this room two afternoons per week.
S 3	Entrance to Nurse's Office. Presently used as storage area for school supplies and some audio-visual equipment
6	Grade 6 classroom has 23 students



Throughout the year the community has been supportive of the school and its functions. As principal, I am sure that school and community will continue to work together on many activities as New Boston continues to grow.

AUDITORS' CERTIFICATE

We the undersigned, have examined the ledger and other financial records of the treasurer of the school district of New Boston plus the records and documents of School Administrative Unit No. 19 and find them correct.

We offer the following suggestions to the New Boston District Treasurer:

1. The use of a bound double-entry ledger.
2. Strict itemization of all entries.

For the School Administrative Unit:

Insist that bills for repairs and/or services show hourly rates for labor, machinery, etc. Also bills should show a break-down of materials and cost of each item.

ANNUAL SCHOOL HEALTH REPORT
September 1984-June1985

School physicals were given to 4th graders by Dr. Norman Caron, school physician, in September. One referral was made. All students immunization records were reviewed with the necessary recommendations made to parents. We achieved 100% in immuniaztions by September 30th for all students.

Health programs presented this year included nutrition, dental, safety, smoking and alcohol (including drug education), fire prevention, puberty, Basic First Aid (6th graders), and self-awareness. Each program was appropriate to grade level.In addition the fluoride rinse program, sponsored by the State of New Hampshire and the New Boston Grange took place from January-May.

All students were screened for vision, hearing and height and weight. Scoliosis screening, which is now mandatory, was done for the 5th and 6th grade.

In January, a divorce and seperation support group was formed. This included well-adjusted children of divorce and the newly seperated children.We met every two weeks before school to share thoughts, feelings and experiences. I found the program extremely worthwhile in cutting down on lost classroom time due to worries, tummyaches, and feelings of aloneness children experience.

In March, we welcomed our new state dental hygienist, Colleen Quinn from New Boston. She saw a total of 73 students for screening, cleaning, instruction and fluoride application. A nominal fee of $4.50 was charged.

In May, a preschool vision and hearing clinic was held at the New Boston Community Church. The Clinic was sponsored by the State of New Hampshire and Little Peoples' Depot Kindergarten. Tympanography testing was added this year. A total of 44 preschoolers were checked.

In May, Mr. Matthews and I attended the teachers workshop in Goffstown for the program, Better Safe Than Sorry. on preventing sexual abuse.We plan to initiate this program next year.

Preschool registration for incoming Readiness and 1st graders was held in May. A total of 29 students were registered with a comprehensive screening done on each child.

Each year the role of the school nurse is expanding and changing. Gone are the days when she only dispensed band-aids and ice packs. Today's school nurse plays a vital role in the health education and well being of your communities children and teaching staff. These changes are exciting, frustrating and, at the same time, most rewarding. This year completes my 6th year as your school nurse. I wish to express my appreciation to the teachers, parents, the School Board, Mr. Matthews and Mrs. Reeves for the support and assistance given to me this year.

Healthfully yours,
Anne C. Christoph, RN
School Nurse

ANNUAL SCHOOL HEALTH REPORT
September 1984-1985

Statistics
Total Recorded Visits to Health Office - 1277
